School board recognizes two high students

ALBANY — At the last meeting of the Albany Board of Education, the two student representatives from Albany High School, Caroline Young and Steven Heathcock, were voted letters of appreciation for their help during the past year.

The two attended their last Board of Education meeting of the Albany Unified School District last Tuesday at Marin School multi-purpose room.

The Board, with all members attending, also heard Superintendent Charles E. McCully say that five employees have submitted letters of resignation and two have asked for unpaid leaves of absence. The five resigning include Mrs. Jennie Carmelich, snack bar manager at Albany High School who is to retire effective June 15; Mrs. Ethel Murphy, cafeteria assistant at the High School, effective June 15; Ms. Sherri Albee, library assistant at Cornell and Vista Schools, effective May 15; Mrs. Carol Westphal, student data clerk at the High School, effective June 29; and Mrs. Judy Clayton-Turner, teacher at Cornell who has been on maternity leave. She is on a leave of absence at the present time and asked to be severed at the end of the current school year.

Sal Ferrito, teacher at Albany High School was granted an unpaid leave of absence for the 1979-80 year, and Ms. Jan Williams, secretary at Albany Children's Center, was granted her leave of absence from August 1, 1979, to return to school to obtain her Master's degree. The leave is for the 1979-80 year and will be an unpaid leave, according to McCully.

The Board also oked the hiring of the following adult education personnel; all for the Summer Quarter: Lynn Barnette, teacher in stained glass; Richard Hack, teacher of pet care; Linn Ave, also stained glass teacher; Janie Sabaloni, teacher for Native Trees of the Bay Area; Michele Suter, teacher of American cooking for the foreign born; Kay Schonewald, teacher of Japanese language; Lu Ellen Warren, teacher of sign language; and Mary Lee Wise, teaching candy making and cake decorating.

McCully also advocated cutting the school cafeteria on a self-supporting basis and said expenses must be cut in that department. One of his suggestions was the elimination of a couple of kitchens and the preparation of lunches in one central spot and bused to the other schools.

The report, by John E. Fike, Business Manager for the Board (Ed. Note: Mr. Fike was not present as he had received word his father had died suddenly in Paducah, Kentucky, and he was in that city at the time of the meeting) with a supporting letter. The cut was made necessary by the fact \$18,000, previously charged to the General Fund for Health and Welfare payments for cafeteria workers, will again come out of the Fund. That, plus the recent raises in costs of food make the economy measures a must to keep the program going.

McCully, who said there was one other alternative, that of a brown bag lunch. The program cannot be closed down as it is part of the State code and children must be fed, according to

Petris bill moves out on 7-2 vote

ALBANY — SB119, the bill sponsored by State Senator Nicholas Petris, was passed out of the California State Assembly Wednesday, according to advances received Thursday.

The bill, to grant the Albany Unified School District some \$176,000, is to go to the Assembly Ways and Means committee on Tuesday, June 5. It was noted, Albany School Superintendent Charles E. McCully, Ruth Ganong, president of the Albany Board of Education, and Vice President Peggy Thomsen, accompanied McCully to Sacramento to aid in pushing for the bill.

SB119 will give the District a special funding for the education of foreign and non-immigrant students enrolled in the District. The bill has been pushed by Petris and aided along by McCully. The vote to move the bill out of Committee was 7-2, it was learned.

According to Mrs. Thomsen, McCully and Petris both worked very hard lobbying the bill out of the committee and rounding up the necessary votes to get SB119 to the Ways and Means committee. Mrs. Thomsen also said Petris personally is carrying the bill through to assure passage, it was said.

Majority of pupils pass tests

ALBANY — Better than 50 percent of the Albany High School ninth and tenth grade pupils have passed the newly established competency tests, according to an article in the Albany High School "Informer."

Mandatory for graduation, the tests have been established to ascertain whether or not pupils need extra help to graduate with a knowledge of reading, writing and math, according to James Walker, principal of the High School. The majority of the students passed at, or above, the 70 percent cut-off, it was said.

162 ninth graders took the three tests and 85 of them passed. In the tenth grade level, the tests were given to 180 students and 97 of them passed the three tests. Of those that failed to reach the 70 percent cut-off, Walker said they had been placed in two categories, those in the 50 to 69 percent bracket, and those under 50 percent. The major difference in the two groups is that the higher bracket is "making satisfactory progress" and will be allowed to attend the Summer competency workshop, according to

Circus to open Tuesday

EL CERRITO — The last of the travelling "Big Top" circuses, Circus Vargas, is to arrive at El Cerrito Plaza Tuesday, June 5 at 10 a.m., to set up for the opening night's performance at 8 p.m.

The canvas tent is to be erected beginning at 10 a.m., it was said and Albany residents have been invited to watch the huge tent being put up with the help of the circus's elephants who will pull the lines taunt to hold up the canvas.

All of the work is to be done prior to Tuesday opening night's performance at 8 p.m., it was said. That is the time of the Grand Entry and will be followed immediately by Harry Thomas and his performing troupe of Bengal tigers, according to Circus Vargas impresario, Clifford E. Vargas.

Two performances are to be given on Wednesday, 4:30 and 8 p.m., and two on Thursday at the same time. The circus will fold down and be out of the parking lot of the Plaza before dawn Friday, it was said.

Free tickets for children have been placed in a great many shops and stores in Albany, it was said, and may be obtained for the asking.

The Circus Vargas has 225 employees and travels more than 40,000 miles per year.

Albany to host students

ALBANY — Albany has been chosen as a host community for a busload of foreign students who are culminating their year of study in the United States with a two week bus trip throughout the United States.

The busload of students, 40 in number, are to arrive in Albany July 7 and Mrs. Ellen Zapata and Mrs. Mary Wallman, two of the local American Field Service representatives, are seeing homes for the students while they are here for three days. The local chapter said host families are asked to provide bed, room and board and understanding for the three days, during which the Albany Chapter will furnish activities for the 40 students.

Several Albany families already have volunteered and more are needed to make the program as successful as it has been in the past.

"It's a short period of time and so important to these returnees and our community. I'm sure Albany will respond," Mrs. Wallman said.

The arrival time is to be announced later and the community is invited to be on hand to welcome the students. Persons wishing to host students are asked to call Mrs. Zapata, 524-2394, or Mrs. Wallman, 525-8906, prior to June 10.

After the visit in Albany, the students, part of some 3,200 high school pupils from sixty nations, are to meet in Washington, D.C., on July 11 to say their farewells prior to boarding charter flights to their respective homes.

Albany parents ask questions at hearing

ALBANY — What was to be a public hearing to satisfy state requirements that there be no racial or ethnic segregation in the schools of the Albany Unified School District, turned into an inquisition of the members of the Board of Education last Tuesday evening.

The hearing was held as part of a directive from William Riles, State Superintendent of Schools, that each school district in the state must submit to the State Department of Education, by law, prior to July 1, that the district's governing board has determined there are no schools within the district that "have or are in danger of having racial or ethnic segregation." With only one middle school and one high school, the only consideration was given to the elementary schools, Marin, Vista and Cornell.

After Dr. Richard Rosenquist, Assistant Superintendent of Schools, outlined the purpose of the public hearing, persons in the audience questioned the racial balance in the staffing of the schools. Contending the notice sent home and the notice published were not of sufficient information to limit the hearing to just the balance of races in the school pupil population, several persons in the audience asked for a greater breakdown of the employees of the school district as to race and color.

After some time of questions that could not be answered as to exact numbers by either Charles E. McCully, Superintendent of Schools or Dr. Rosenquist, Mrs. D.M. DuPeron, a parent, said she did not believe the staff was fully informed and asked that another hearing be held, prior to the submission of the report to the state, with the number of ethnic employees to be appended to the report, broken down by race and employment.

The strongest accusation came from Mrs. Lolita Rivas who accused the board and the administration of "definite lies. There is a racial problem in the district and it is growing and nothing is being done about it," McCully stated there is no racial problem, as far as he and the administration is concerned and cited the charts prepared by Dr. Rosenquist as his proof. The charts showed the percentage of minorities in the Albany schools is fairly constant, ranging from a low of 33 percent at Marin School to 37 percent at Albany High School and Middle School. The percentage of minority

Lynn Garrett rescues pair

ALBANY — An Albany youth has been credited with saving the lives of a man and a youngster last Saturday at the Hilton Resort area on the Russian River.

According to information released by William Collins of El Cerrito, Lynn Garrett, the 14-year-old son of Mr. and Mrs. Floyd Garrett, 944 Cornell Avenue, was rafting on the Russian River when he came upon a man, guessed to be about 30 years old, and a young boy, who Collins said was about 12 years old, hanging onto the brush alongside the river in swift water.

Collins said young Garrett paddled his raft across the river to the side of the rapids and floated down to the man and the youngster and, with the help of the man, got the boy into the raft. The man and young Garrett then pulled the raft back to calm water where the two made it to the beach.

In the excitement of the rescue, neither the name of the man nor the youngster was obtained, according to Collins.

Seek graduates for reunion

ALBANY — A communication has been received from Vicki Bottari McDill, P.O. Box 942, Novato, California, 94947, seeking information on members of the 1959 graduating class of Berkeley High School.

According to Mrs. McDill, members of the class are in the planning stages for a reunion and are asking that all members of the 1959 class get in touch with her at the above address. She said the planners hope to have as many of the graduates at the reunion as it is possible to contact. She also asked that information about any of the members of the class be sent to her for the 20 year reunion.

Gilbert gets no hitter in quarter final

ALBANY — Albany's Cinderella Cougars' baseball team is well on its way to the North Coast Section 3A championship following Angelo Gilbert's no hit, no run victory over highly touted Kennedy Fremont, last Saturday.

Friday, Albany High School took the measure of Hayward, 7-5, with an assist from Gilbert who hurled 2 1/2 innings of no-hit ball to aid Jon Sanders in relief. That totals a nice record 9 1/2 innings of no-hit, no run ball for the ace pitcher.

In the game Friday at San Leandro, the Cougars came from behind to nail the victory in the top of seventh by scoring three runs to overtake Hayward.

Joe Ybarra, batting ninth, led off for the third time in the game, and for the third time he began a run-producing rally with a single.

"I'd just wait for his (Charlie Noddin) fastball and he'd come in with it," explained Ybarra.

After Keke Ayo flied softly to centerfield, Sushi dropped a single in front of Farmer rightfielder Don Wakamatsu. Mike Johnson then singled to load the bases, chasing Noddin from the game.

Reliever Bob Schofield induced Anthony Freeman to ground into a force-play, then went 3-2 on Jeff Channess as the crowd edged forward in anticipation.

Schofield's next pitch was low and inside, starting a merry-go-round that brought home the tying run.

His third pitch to John Payovich was even more devastating as the centerfielder beat out a slow roller to shortstop Randy Rivera. That brought Johnson home, and Freeman was hot on his heels when Rivera's throw to first went wide.

Another Albany run was lost when Payovich was called out at second an instant before Channess crossed the plate.

That left the game up to Gilbert, who ran his strike-out string to five, whiffing the last three Farmer batters.

"I knew I didn't have my fastball," said Gilbert. "But I had a good slider. I used by slider to set up the fastball."

"Personally, I think I do better under pressure. When you get to the North Coast, that's what it's all about — pressure."

After facing elimination four straight times, Albany can write a book about handling pressure.

Yet, coach Phil Wanlin admitted his team was less than perfect.

"We made mental mistakes," he said. "And we let down when they took the lead."

Wanlin had praise for starting pitcher Jon Sanders, who retired eight batters in a row prior to Hayward's own comeback in the fifth. The Farmers picked up four runs to take the lead.

The culminating blow was John Nelson's three-run shot over the

Patt Dempster, the retired City Clerk, has fired a broadside at Pat Griffin. Griffin, who has been billed for \$50 as payment for his campaign statement in the Tuesday, February 14, 1978 election sample ballot, allegedly said that inasmuch as his votes did not count, he should not have to pay for the statement, signed for and printed in his favor.

It behooves Mr. Griffin to refer to the recent decision handed down by the California Supreme Court that held once a candidate has signed his intention to run and has ordered the campaign statement, he is obligated to pay for the printing and costs as per

the signed agreement.

Mr. Griffin did not hesitate to sue the City of Albany for \$35.75 for the cost of rodding out his sewer because the roots of a City owned tree is said to have blocked the sewer line. He was an avowed candidate for election on the February 14, 1978 ballot and his name appeared on the ballot, along with his statement. The fact his votes were not counted does not lend itself to excusing the charge of \$50 for costs.

The City Clerk, in this instance Patt Dempster, accepted the Griffin statement and had it printed on the sample ballot in both English and in Spanish. She carried out the mandate of the election laws and the fact the Courts decided he could not have his votes counted was not the fault of either the City Clerk or the City of Albany. The present City Attorney, Robert Zweibel, has a duty to collect the money and the City Council has the duty to see

The losers were the City of Albany, the track owners and stockholders, the horsemen, the employees of the track and the jockeys and many of the business of the City who cater to the needs and wants of the horseplayers. The City collects 45 cents on each admission ticket as a city tax and relies heavily on the income. The usual figure is around \$400,000 per year. The drop, in all probability, will be more as the attendance at the track has not come back to what it was prior to the strike. On the average of \$3,300 based on the average attendance of 8,200. It is hoped that patronage will get back to the pre-strike days, or better, to bring back a fraction of the heavy loss.

With the Albany City staff now working on the budget for 1979-80, it appears the impact of the strike will be felt in the monies available for the operation of the City of Albany. The seven days the track was shut down completely cost the City of Albany some \$24,000 alone. There also is the consid-

LET'S TALK IT OVER with Odd E. Haugen

The ownership of real estate provides many advantages. Not the least of those is that it represents a "forced savings program." Most people would like to add to a savings account with regular deposits. They realize that such savings can be important to their future. But... it's so easy to put off starting or to miss a deposit or two that few resolutions to save ever come to fruition.

When you borrow money to buy real estate, you are required to make regular payments on the loan. A portion of each payment is applied to the reduction of the loan balance. It builds equity, much as a savings account would.

Should YOU own real estate? We'll help you put some figures together that can help you make a sound decision. No obligation. Call us for any real estate information.

Nobody kills ants like Antrol.

Where They Enter

Spray Antrol® Ant Killer Spray directly on ants. The aerosol works even after it's sprayed, too, giving protection around doorsills and window frames.

In Basements, Around Patios

It's also excellent under sinks. Just sprinkle Antrol Ant Powder right on the ant trails.

Outdoors

Just place the Antrol Ant Killers near nests. The glass bottle protects from weather exposure to give long-lasting effectiveness.

In The Kitchen

Worker ants enter the Antrol Ant Trap and carry bait back to the nest. There, worker and queen ants are destroyed.

If you've got ants, you need Antrol.
Specially formulated to KILL ANTS.

Student of The Month

Competition and teamwork — both essential in sports — were easy traits for senior Cathy Mullarky to pick up. The Albany High School Student of the Month comes from a large family: five sisters and three brothers.

When she came to AHS as a freshman, Cathy's skills in volleyball won her a spot on the varsity team, where she has remained throughout her four years. "Our whole family plays volleyball," Cathy explained, "and I got lots of practice in holding my own."

Cathy's interests aren't limited to sports. She has been active in extra-curricular activities (Hostess Club, Big Sisters, Senior Girls Honorary) and recently expanded her cultural horizons by spending two weeks with a Navajo family under the AFS Indian Exchange Program.

After graduating in June, Cathy will head for UC Santa Cruz and a career in primary education. "I really want to become a kindergarten teacher," she said. "I've always loved working with young children."

As Student of the Month, Cathy will receive a \$20 gift certificate and a free dinner at the local MacDonald's.

The applicant has submitted plans which show removal of four (4) houses at the above addresses and construction of a 36-unit apartment project. The plans are on file in the office of the City Engineer, 1000 San Pablo Avenue, Albany.

On May 4, 1979, an appeal was filed against the decision of the Planning & Zoning Commission by Mr. Darío Menéndez, and on May 14, 1979, the City Council issued an order setting June 11, 1979, as the date for a public hearing on this matter.

Persons interested and desiring to be heard, should be present at the time and place above mentioned, or communicate in writing to the City Council prior to the time of this hearing.

TRAVEL

Away We Go

Dear Friends and Clients tickets for cruise sign-ups. Another foggy June morning in California and here goes with more news on the travel front. We still have King Tut

June 1. After that they are adding a 12% fuel surcharge. So get in touch with us if you've been dragging your feet. Song of Norway (one week in the Caribbean) Sun Viking and Nordic Prince (two weeks) are guaranteeing their prices through January 5, 1980. They are about our favorites, so let us check and see if they have any space left for you. So many times people

planning their vacations want to budget and save money. When they return they tell us they wished they had upgraded their trips by even so much as \$25 to \$50 a day. We have to be careful when telling people this or they think we are trying to make a larger commission. That is one nice thing about dealing with clients who are coming back for the second and third time. In fact, that is

our idea of an ideal business, just doing planning with people we like and who like us! So, in the spirit of upgrading, why not consider the trip of a lifetime on the queen of cruiseships, the Royal Viking? The Royal Viking Sky is leaving San Francisco October 12 for a 59-day cruise calling at 14 ports. Rates begin at \$7,257 double. Ports of call for the complete 17 port cruise are

St. Thomas, La Guaira, Aruba, Barbados, Acapulco, Puerto Valarta, Callao, Valparaiso, Puerto Montt, Punta Arenas, Buenos Aires, Montevideo, Rio de Janeiro, Salvador and Bridgetown. The cruise covers over 15,000 miles. You can also choose a portion of the trip and fly into one port and home from the other. The Royal Viking Sky is a floating hotel of modern design. A spacious

dining room with ocean view accommodates all passengers at a single seating and the main lounge can handle all passengers at once as well. Other shipboard facilities include a heated swimming pool, sauna, massage rooms, gymnasium, theater, gift shop and deck sports areas. Well, the only other question I can think that we get asked a great deal is do we accept credit cards? Yes.

we do and they are easy and quick. Drop in any time we'd all love to meet and talk to you.
